BOARD OF PUBLIC INSTRUCTION

Ocala, Fla., Mon. June 21, 1909

The board of public instruction in and for Marion County, met in special session on the above date at the court house in Ocala.

The full board consisting of Isaac Stevens, chairman, B. R. Blich and J. S. Grantham, with Superintendent Brinson, were present and acting.

Minutes of last were read and approved. J. W. Thurman, colored, of Orange Springs, called to ask that a school be established at Cedar Springs for the colored. Action deferred for present. Afterwards granted \$25 per month.

Dr. P. A. Snow, one of the trustees of the Pedro school, appeared and asked that the salary of the assistant teachers be increased. Matter was laid over for the present. Granted.

Mr. James Mathews of Flemington, called to ask for two window sashes for their school building. Granted.

Messrs. Henderson, Cordery, Hicks and Griggs, patrons of Key Pond and Lake Bryant schools, called with reference to a movement to move the Key Pond school so as to put it midway between Messrs. Cordery and Griggs.

It was stated that a meeting of the patrons had been held to see if some satisfactory arrangement could be made of the matter, and it had been left with Messrs. Cordery and Griggs to agree between themselves as to the location of the school, they being the patrons most distant from each other. They had failed to agree and the matter was referred to the county board.

Mr. Cordery now asked for a school to be located at Lynne. He presented a letter from Mr. Rogers asking for the school, which was indorsed by Mr. G. W. Elkins. Refused. It was finally agreed that the patrons would make an effort to agree upon an equitable location, and notify the board at the next meeting.

Mr. J. W. Luffman one of the trustees of the Griner Farm school, called and presented the claims of his school.

The board adjourned for dinner.

Afternoon Session

Mr. Mills, of the Grahamville school, called and reported that Mr. A. Long had resigned as supervisor of the school and that the patrons at a meeting had recommended him for successor. He was instructed that Mr. Long should send in his resignation to the board, coupled with a recommendation from the patrons for his appointment.

Mr. H. Brass of Dunnellon called to protest against the stopping of the Blue Springs wagon to the Dunnellon school. Action was deferred temporarily.

Mr. G. C. Leitner, one of the trustees of the Dunnellon district, appeared in the general interest of his school. He tried to get Mr. Brass to agree to operate the school wagon, but Mr. Brass declined to do so. A petition signed by a large number of the patrons asking for the retention of Miss Daisy Ross in the same position as last year, was presented.

Two petitions were also presented for the appointment of different teachers in the colored school at Dunnellon, known as Hard Rock School.

Action on the petitions was passed for the time being to take up other matters.

The trustees endorsed Miss Agnes Zetrouer as primary teacher for Dunnellon.

The board adjourned.

Tuesday, June 22, 1909.

The board met with all members present and acting.

The matter of making appropriations for the several schools for the coming year was now taken up.

In the midst of the proceedings, C. A. Adams, colored, principal of the Hard Rock school at Dunnellon, appeared and discussed fully the details of last year's work.

The board proceeded with the appropriations for the schools, making the following changes from last year: Increases per month: Ocala, \$12.50; Reddick, \$35; Pine Level, \$5; Citra, \$20; Griner Farm, \$20; Buck Pond, \$5; Blitchton, \$5; Martel, \$5; Fairfield, \$5; Pedro, \$10; Kendrick, \$5; Evergreen, \$5; Roper Farm, \$5.

The following decreases were made: McIntosh, \$10; Bellevue, \$5; Weirsdale, \$5; Fellowship, \$5; Moss Bluff, \$5; Charter Oak, \$5; Heidville, \$5; Irvine, \$10; Flemington, \$5; Pleasant Hill, \$5; Marshville, \$5; Bay Lake, \$5; Orange Springs, \$5; Indian Mound, \$5; Key Pond, \$5; Greenwood, \$5; Lowell, \$5; Patt's Island, \$5; Andalusia, \$5; Baldwin Farm, \$5.

An estimate on the expenses of the building of the Bay Lake school house to take the place of the one destroyed by fire was submitted from Mr. D. M. Waldron. It included the labor of building at \$50 and amounted to \$266.50. It was ordered that he be given the contract for the work at \$50, and it was agreed that the board would pay the bills for the cost of material as presented, not to exceed the estimated cost, and the work to be done in a workmanlike manner.

Notice from the trustees of the Electra school was received notifying the board that Mr. J. M. Mock had been elected to succeed Mr. J. A. Morse, deceased. Election confirmed by board.

The board adjourned.

Wednesday, June 23, 1909.

The board met. All members present and acting.

The matter of operating school wagons for the coming year was taken up and fully considered. It was agreed to discontinue the wagon service throughout the county.

It was agreed that no school would be run with a less enrollment than ten nor a less average than seven.

Mr. E. M. Osborn, one of the trustees of the Dunnellon district, came before the board in behalf of the trustees of the district, to protest against the appointment of any teacher in the school upon petition without a recommendation from the trustees. It was agreed to refer the matter of appointments of teachers for both white and colored schools to the trustees, asking them to make recommendations by the time of the regular meeting in July.

A request from Moss Bluff school for them to tear away the assistant's room and use the material in building a porch in front of the building was laid before the board, with a request for an appropriation to assist in defraying the expenses. Permission was granted to make the changes requested and \$25 was appropriated to apply on the expenses.

A letter from S. W. Williams, col. of the Wetumpka school, stated that the former supervisor, W. M. Houston, had resigned and that the patrons had elected him in his stead. As in a number of similar cases, the secretary was directed to write the former supervisor for a statement.

A request from the supervisor of the Evergreen school, col. for student help to be furnished the teacher upon a salary, was refused.

A recommendation for Mr. J. M. Mock to be appointed trustee to take the place of J. A. Morse, deceased, was received and appointment duly made.

A NOBLE RECORD

Of many hundreds of thousands of cures forms a well sustained basis for every claim put forth by the makers of **DR. PIERCE'S GOLDEN MEDICAL DISCOVERY** as a remedy for many of the troublesome affections which afflict mankind; yet it is not extolled as a "cure-all" by any means. No extravagant promises are flaunted before the public to arouse false hopes in the afflicted. Your neighbors probably know of some of its many cures; ask them.

Through strengthening and arousing the stomach, liver and bowels into vigorous action, digestion is promoted, whereby the blood is enriched and purified, disease-producing bacteria destroyed and expelled from the body, and thus a long list of skin, scrofulous and kindred affections are overcome and sound, vigorous health established.

The "Discovery" contains no alcohol and no habit-forming drugs, and has its every ingredient printed on its wrappers. This **OPEN PUBLICITY** places it in a class distinct from the ordinary secret nostrums with which it has no relationship. Physicians, therefore, do not hesitate to prescribe it in bad cases of indigestion, torpid liver or biliousness and in skin and blood affections. People of intelligence and keen discernment employ it. The "Discovery" is a pure glyceric extract of native medicinal roots of great curative potency, and can in no case do harm to either child or adult. The aged find it a great invigorator.

You can learn more about this time proven and popular "Discovery" from the People's Common Sense Medical Adviser, by Dr. R. V. Pierce, a newly revised, up-to-date edition of which is now offered, in cloth covers, post-paid, for 31 cents in one-cent stamps, to cover cost of mailing only; or in paper covers 21 cents. WELL SUSTAINED

Better Not Get Dyspepsia

If you can help it. Kodol prevents Dyspepsia, by effectually helping Nature to Relieve Indigestion. But don't trifle with Indigestion.

A great many people who have suffered with indigestion, have been sorry for it—when nervous or chronic dyspepsia resulted, and they have not been able to cure it. Use Kodol and prevent having Dyspepsia.

Everyone is subject to indigestion. Stomach derangement follows stomach abuse, just as naturally and just as surely as a sound and healthy stomach results upon the taking of Kodol.

When you experience sourness of stomach, belching of gas and nauseating fluid, bloated sensation, gnawing pain in the pit of the stomach, heart burn (so-called), diarrhoea, headache, dullness or chronic tired feeling—you need Kodol. And then the quicker you take Kodol—the better. Eat what you want, let Kodol digest it.

Ordinary peptic "dyspepsia tablets," physics, etc., are not likely to be of much benefit to you, in digestive ailments. Peppin is only a partial digester—and physics are not digesters at all. Kodol is a perfect digester. If you could see Kodol digesting every particle of food, of all kinds, in the glass test-tubes in our laboratories, you would know this just as well as we do.

Nature and Kodol will always cure a sick stomach—but in order to be cured, the stomach must rest. That is what Kodol does—rests the stomach, while the stomach gets well. Just as simple as A, B, C.
